

Jeff Moorefield Named Luxfer Vice President of Operations

MANCHESTER, England--(March 11, 2019)--Luxfer Holdings PLC (NYSE:LXFR), a global highly engineered industrial materials company, today announced that Jeff Moorefield has been appointed as Vice President of Operations. In his role, Mr. Moorefield will be responsible for driving the Luxfer Business Excellence Standardization Toolkit, which includes Lean Manufacturing. He will be based out of Milwaukee, Wisconsin, USA, but will spend much of his time traveling and working in Luxfer's operating facilities.

Over the past 18 years, Mr. Moorefield has held Operations leadership roles of increasing responsibility in various global industrial companies. Most recently, he served as S.V.P. Global Operations for the Tennant Company (NYSE:TNC). Prior to that, he served as Global V.P. Operations for various operating units within Pentair (NYSE:PNR). Mr. Moorefield attended Western Kentucky University where he received a Bachelor of Science degree in Industrial Technology.

Chief Executive Officer Alok Maskara said: "I am very pleased to welcome Jeff to Luxfer. His strong leadership in Lean operations will improve our service to customers while driving productivity". Mr. Moorefield added: "I am excited to be joining Luxfer and look forward to driving Lean continuous improvements and delivering greater value to our customers and shareholders."

About Luxfer Holdings PLC ("Luxfer")

Luxfer is a global manufacturer of highly-engineered advanced materials, which focuses on value creation by using its broad array of technical knowhow and proprietary technologies. Luxfer's high-performance materials, components, and high-pressure gas containment devices are used in defense and emergency response, healthcare, transportation, and general industrial settings.
